Subject: Complete Release of Data on 2010 Mekong Region Drought

To Coordinator, Save the Mekong Coalition

Thank you for your letter of 15 June 2010 sent by e-mail and fax.

The MRC Secretariat is currently working on an updated report of the low-flow and drought during this year's dry season, which will be published in early August 2010. This updated report will incorporate some new information and data since the March reports and will address many of the questions raised in your letter. We will forward the updated report to you and post it on the website when completed.

Yours sincerely
